Business Overview

August 2022

Our Vision
To empower a **curious** and **rational** world

What is Data Intelligence?

A category of software that empowers getting the

- right **data** to the
- right **person** at the
- right **time** for the
- right **purpose** in the
- right **medium/context.**

A data intelligence system learns & manages the who, what, when, where, why and how of data.

The dirty secret of data:
Managing data becomes harder with scale
